The minutes from the last meeting were presented and approved.

## **5. What is the NFYOG? (Michelle)**

Purpose and aim of NFYOG was discussed. A need to update the statutes was identified.

## **6. Review of Online webinar March 2024 - Diversity in Ob/Gyn (Transmannen Levi)**

The March webinar as well as the occurrence of NFYOG webinars in general was discussed. It was agreed that instead of creating content, at least this year, the NFYOG board will focus on the upcoming arrangements for NFOG congress 2025

## **7. Updates from the National Societies**

- Norway presented their projects from previous years (Boksen går!, Trygge hender). The next topic will be ultrasound.
- Iceland: The issue of needing to complete training abroad is a big concern. The curriculum for the training in OBGYN is being revised.

- Finland: Specialization has changed from time based to experience based. A new subgroup of the national society of OBGYN is to unify the education of trainees in Finland.
- Sweden: There is an issue with withheld training due to budget cuts and trainees being denied participation in e.g. OGU days.
- Denmark: No representative attending

#### **8. Update from NFOG**

An update from the last NFOG meeting was presented. It was discussed that the NFYOG budget hasn't been revised since 2006 and can only be changed at the next General Assembly.

#### **9. NFOG Congress 2025 Uppsala**
